

The safety of our employees, customers, families and visitors remain Jet Services' overriding priority. As the coronavirus disease 2019 (COVID-19) outbreak continues to evolve and spreads globally, JSI is monitoring the situation closely and will periodically update company guidance based on current recommendations from the Centers for Disease Control and Prevention and the World Health Organization.

To prevent the spread of COVID-19 and reduce the potential risk of exposure to our employees and visitors, we are conducting a simple screening questionnaire. Your participation is important to help us take precautionary measures to protect you and everyone in our operation. Thank you for your time.

NOTE: Please complete this screening within 24 hours of your proposed flight with Jet Services, Inc.
